Write me a short letter using some special characters and upload a copy or a screenshot into the dropbox.

Hello Dr. Miller,

We are in the process of moving from South Dakota to Iowa, which at first seemed like a daunting task! 😓 As with everything that seems overwhelming, we've managed to get through it by just taking things one step at a time, and tackling the smaller things first. Doing so has made the move feel a bit more manageable. 😊 Though we've had some upsetting parts of the Iowa housing situation 😡, we were able to sell our house in Sioux Falls very quickly and easily. Personally, the biggest relief for me was that I was able to find a job in Des Moines, teaching middle school band in Des Moines Public Schools! 🎵 That alleviated a big concern for my family's financial well-being and health insurance!
